

**CS-WV/R1 Series**

**4TB**

**2TB**

**RAID 1 enable, easy to access from smartphone and tablet device from anywhere, anytime**

**Easy setup**

Setting up the CloudStation is super easy and takes only about 60 seconds. Go to <http://cloudstation.pogoplug.com> with your smartphone or computer, and click "Set up your CloudStation," and follow the step-by-step instructions to complete the setup. Now your CloudStation is ready to access through the cloud. (60 seconds is the average time from after LinkStation's boot up to complete setup.)

**Access data from your iPhone/iPad or Android smartphone via Pogoplug app**

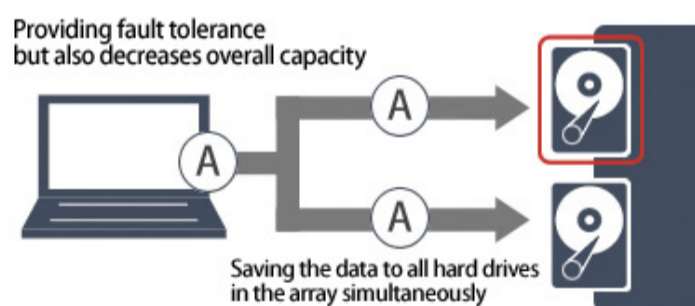

Download the free Pogoplug application for your smartphone or tablet device, and prepare yourself for astonishingly easy access to your CloudStation. In seconds you can upload photos and videos to your CloudStation and access multimedia files and documents directly from your iPhone/iPad or Android smartphone.

|                       |         |        |                   |                 |
|-----------------------|---------|--------|-------------------|-----------------|
| Giga 1000BASE-T       | 2 Drive | RAID 1 | Quick-Swap Drives | PC Mac®         |
| Time Machine™ Support | USB 2.0 | eco    | Quiet Fan         | 3 YEAR WARRANTY |

**RAID 1 (Mirroring) Support**

RAID 1 saves the same data to 2 internal hard drives simultaneously. In the case of a drive failure, the functioning drive will assume the role of the main drive, and the data remains accessible without interruption.

**Features**

- Super easy setup, takes about 60 seconds!
- No software installation or advanced networking knowledge required
- CloudStation gives you the flexibility to access your files from dedicated iPhone/iPad, Android smartphone application, or Web browser
- Create slideshows using your favorite photos, videos and music
- Sorts your multimedia files for easy navigation and selection (photo/video/music)
- Automatic transcoding ensures all videos playable across the Web and mobile applications
- Publish files to social networking sites like Facebook, Twitter with just a few clicks
- Print from any mobile device, including iPhone/iPad and Android smartphone to any CloudStation-enabled printer from anywhere in the world

- Unlimited access, share, download, upload and store files as much as you want
- No contract or fee for service, ever!
- By connecting an extra external HDD to expand your CloudStation's storage space up to 2TB
- BUFFALO exclusives:
  - RAID support: 1, Normal (JBOD)
  - 1.6 GHz CPU inside, enables generating thumbnails, and making file transfer faster than CS-X series and processing high speed video converting
  - DLNA certified. Streams multimedia content to any DLNA or UPnP AV certified devices like TVs, PlayStation®3 and Xbox 360®
  - BitTorrent Downloader grabs BitTorrent files automatically, with the computer off
  - Time Machine™ support
- HTML5 support
- 3-year warranty

## CS-WV/R1 Series

4TB

2TB

## Specifications

## ■ Model

CS-WV4.0/R1(4TB), CS-WV2.0/R1(2TB)

## ■ Hardware

CPU 1.6 GHz

## ■ Wireless LAN Interface

Standard Compliance IEEE802.3ab / IEEE802.3 / IEEE802.3u Standard (1000 BASE-T / 100 BASE-TX / 10 BASE-T)

Data Transfer Rates 1000 / 100 / 10 Mbps

Number of Ports 1

Connector Type RJ-45 8-Pin

## ■ USB Interface

Standard Compliance USB 2.0

Data Transfer Rates Max. 480 Mbps (Theoretical)

Number of Ports 1

Connector Type USB Series A

## ■ Internal Hard Drives

Drive interface SATA II

Number of Drives 2

Supported RAID Levels 1, JBOD (Individual Disks)

## ■ UProtocol Support

Networking TCP/IP

File Sharing SMB / CIFS, AFP, HTTP / HTTPS

Management HTTP

Time Synchronization NTP

## ■ Other
